SUGAR BEET FACTORY TO COST \$1,000,000;
IS ONLY ONE OF EL PASO'S MANY PROJECTS

THE proposed beet sugar factory is only one of the many new industries that are in sight for El Paso. In the meanwhile, \$500,000 deals are being pulled off every week and bungalows are going up like mushrooms every few days.

The El Paso variety of bungalows, by the way, is pronounced by experts to be better than the California brand, which hitherto has held the supremacy. Possession is nine points in the law. Why not take possession of your slice of El Paso land while the taking is good?

Land Litigation Is Growing Less

THERE is a noticeable decrease in litigation over land titles. Under the old system of imperfect titles, it often happened that litigation would extend over a period of years, involving immense costs, even if in the end it was proven that the title was clear.

Adopt The Modern Method

OUR guaranty gives you absolute protection against litigation. It also enables you to negotiate your property either on a sale, or for borrowing purposes easily and quickly.
